

# Spanish for Healthcare Professionals

**Spanish for Healthcare Professionals** is a specialized and intensive Spanish language course designed to enhance effective communication between patients and their healthcare providers.

Emphasis is on basic, practical language needed to communicate with Spanish speaking patients and their families at the hospital or doctor's office, on the telephone, or at the patient's home.

## Course Objectives

- Get accurate detailed personal information from patients.
- Schedule appointments and meetings.
- Direct patients to appropriate departments.
- Discuss the parts and relationships of the body-organs, muscles, etc.
- Understand and use vocabulary describing pain and discomfort.
- Communicate about basic ailments and illness.
- A friendly, supportive environment.
- Make appropriate social service referrals for families in need.
- Converse about nutrition, hygiene and exercise.
